**1. Art Auction**

- Skyways will donate food for the Art Auction
- The Art Auction

**2. Pi Day**

- Pi Day was a success – made ¥1,500.00. ¥750.00 each will go to both the Amy Yang Fund and the Pfrang Organization
- Several pies and baked goods sold for well over ¥150.00
- The lunch time bidding went well – teachers and students both helped raise the price
- Improvements
  - Not many people knew about the Lunch Auctions
  - Table organization
  - Next year, we need to fill out yellow forms ahead of the auction to get tables
  - Lack of communication within student council and outside
  - Take the goods around one homeroom at a time

**3. Trashion Show**

- Finding judges for the show

**4. Lunch Committee**

- Food is unhealthy
- Lunch feels very late for MYP (6, 7, and 9)
- Making students more aware that you can ask for more food
- Students want the chicken that is in the cafeteria to be in the cafe
- The fried chicken will not be put in the cafe
- Lunch Committee will bring it up at the next meeting
- Food Allergies
  - Using the same gloves for different foods
  - Will be brought up at next meeting
  - Perhaps setting up an assembly line – one person handling chicken or meats
- Bugs in food
  - Unclear as to whether or not the bug entered the food before or after the purchase

**5. Student Issues**

- Too much trash on the floors
- Student Servers and privacy
  - Students should have the power to make only private folders

- Teachers should be informed that they have the power to make private folders where other students cannot see each other
- Perhaps Mr. Lockwood can help?
- Bringing back paper towels
  - Maybe more eco-friendly paper towels
- Slow Internet
  - In the mandarin hallway
  - In the DP Lounge
- Gym is not open to students
  - Can we have it open on the weekends or after school?
- A lot of bikes are getting wet in the rain – we will need better shelters for bikes
