Welcome to our first NIS Digital Citizenship Evening for Parents

**Balance
&
Distraction**

What are your thoughts?

How do we maintain a healthy balance?

어떻게하면 바람직하게 균형을 유지할 수 있을까?

How do we manage distraction?

어떻게하면 집중을 방해하는 것을 해결할 수 있을까?

Goals for this evening:

Consider **balance** and **distraction**

Prepare for discussion of boundaries at home

- during the school year
- during the summer break

목표: 바람직한 균형과 집중력을 방해하는
것에 대해 생각해보기
가정에서의 한계점들에 관한 토론을 준비

We surveyed the students...

and we would like your thoughts as well.

Time to Discuss and Share...

- Breakout sessions will be at tables in the lobby and surrounding rooms
- Please go where your children are not present—and where you do not know the people well (if possible)
- English and Korean speakers should sit together—we have translators walking around to help
- The student facilitators are here as "Age-Level Experts"
 - Their views are their own, and do not represent NIS students in general
